

## Checklist 9: Running a Test Purchase in ClickBank

Project Name: \_\_\_\_\_

Date: \_\_\_\_\_

Yes No

*To run a test purchase in ClickBank, all that is necessary is the creation of a test credit card and then a visit to the ClickBank checkout page. If you're new at this; you might be in search of a checklist to help you. Here is a checklist of how to run a test purchase in ClickBank:*

- |   |                                                                                              |                          |                          |
|---|----------------------------------------------------------------------------------------------|--------------------------|--------------------------|
| 1 | Sign into your ClickBank account.                                                            | <input type="checkbox"/> | <input type="checkbox"/> |
| 2 | Then, click on the Settings tab present on the main menu.                                    | <input type="checkbox"/> | <input type="checkbox"/> |
| 3 | Look for the option that says My Site tab.                                                   | <input type="checkbox"/> | <input type="checkbox"/> |
| 4 | Click on the My Site tab present in the secondary menu.                                      | <input type="checkbox"/> | <input type="checkbox"/> |
| 5 | You will need to scroll down to the Testing Your Products section.                           | <input type="checkbox"/> | <input type="checkbox"/> |
| 6 | Then, click on the Edit Link option that is present in the upper right corner of the screen. | <input type="checkbox"/> | <input type="checkbox"/> |
